ADPS 5S Transaction to Record Disaster Set-Aside

Approved by: Deputy Administrator, Farm Credit Programs

Sau Anne Kling

1 Action

A

New ADPS 5S
Transaction

The new transaction code 5S "Record Installment Set-Aside" will be available March 1, 1996. Instructions for completing the 5S transaction have been sent to all Ag Credit Teams by the St. Louis Finance Office on Issue Number 05.

B

Ag Credit Team
Processing
Requirements

Ag Credit Teams must enter all pending 5S transactions by March 31, 1996. At this time and until further notice is received, an action pending code "IA" must be entered on the 5S screen instead of a "P". A 5H transaction "Remove Descriptive Code" must also be manuscripted with an action pending code "IA" to remove the 51-S flag. Sequence the 5H transaction to process before the 5S transaction.

No further action will be needed by the Ag Credit Team to process the 5S transaction. The St. Louis Finance Office will remove the action pending codes and allow the 5H and 5S transactions to process in late March.

Note: The 5S manuscripting instructions state that the first letter of the disaster designation code must be an "E". This is incorrect. Any letter of the alphabet may be chosen.
